

ACCESSIBILITY POLICY

This policy will be reviewed in autumn 2020 through process of consultation with the governing body.

1. Schools' Planning Duty

1.1. Schools need to carry out accessibility planning for pupils with a disability. These are the same duties as previously existed under the Disability Discrimination Act (DDA) and which have been replicated in the **Equality Act 2010**:

- To promote equality of opportunity for disabled people: pupils, staff, parents, carers and other people who use the school or may wish to; and
- To prepare and publish a **Disability Equality Scheme** to show how they will meet these duties.

1.2. According to the Act a "disabled person is defined as someone who has a physical or mental impairment which has an effect on his or her ability to carry out normal day-to-day activities". The effect must be substantial, long term and adverse. The Equality Act definition of disability covers physical disabilities, sensory and other mental impairments and learning disabilities.

1.3. This **Accessibility Plan** forms part of the school's Disability Equality Scheme and is a statutory duty. It sets out how the governing body plans to proactively improve the equality of opportunity for those within its school community who have a disability. The duty is to anticipate and plan for their future needs.

1.4. In accordance with the Act the plan focuses on three 'key areas':

- increasing the extent to which disabled pupils can participate in the school curriculum;
- improving the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services;
- improving the delivery to disabled pupils of information which is provided in writing for pupils who are not disabled.

1.5. It is a requirement that the school's **Accessibility Plan** is resourced, implemented and reviewed and revised as necessary. An action plan is attached as Appendix 1 showing the priorities identified for action along with how they are to be addressed within a given timeframe. A success criteria has been set so progress and outcomes can be measured.

1.6. The plan is to be reviewed and updated at least every three years.

4. Current Position

Our current school position, including the provision we offer to our SEND pupils, is reflected in our SEND Information Report and Equalities Report. We currently have 25 mainstream pupils in Reception to Year 6 on roll.

The proportion of pupils with SEND Support is significantly above national averages whilst the proportion of pupils with an Education Health Care (EHC) Plan is above the national average.

The school is over 90 years old and some areas of the school are accessed by a small set of stairs. There are four access points from outside, with one being used as the main entrance. Our main entrance has a series of steps to gain entry. The hall is accessible to all. On-site car parking for staff and visitors is near to the school entrance. With prior notice it is possible to park in the rear yard and gain entry via a flat surface. Wide doors are located to the main entrance porch and halls.

There is a disabled toilet and shower facility set up to deal with high medical needs. The school has internal signage to mark escape routes.

If necessary further adaptations will be made to the premises.

5.2. The review will look at each action and assess whether the success criteria has been met. Any actions that are incomplete or require further attention are carried forward to the next action plan.
